**Q. Why is having disability income insurance so important?**

**A.** Having disability protection can help you cover your essential living expenses and help safeguard your savings, since it can replace a portion of your income for an extended period of time.

**Q. What are the essential living expenses that I should be most concerned about?**

**A.** Consider any expenses you may incur in the running of your household, including car payments, mortgage payments, groceries, child care, tuition and more, that would still need to be covered in the event of a disability.

**Q. How do disability payments work?**

**A. Benefits are payable directly to you** — not your association, hospital, doctor or insurance company. The amount of the benefit payable will depend on the amount of coverage you choose.

**Q. Is there a waiting period before benefits begin?**

**A.** Yes. You may choose from a 60-day or 90-day waiting period.

**Q. What additional plan benefits are included?**

**A.** The following additional plan benefits are available:

**Survivor Benefit:** May pay a monthly or lump sum benefit in the event of the disabled member's death.

**Waiver of Premium:** Disability premiums may be waived while benefits are being paid.

**Family Care Incentive:** Provides reimbursement for eligible family care expenses (e.g., child care, elder care) if you work or participate in an approved rehabilitation program while disabled.

**Moving Expense Incentive:** If you participate in a rehabilitation program while disabled, reimbursement may be provided for expenses incurred to move to a new residence if recommended as part of the rehabilitation program.

**Rehabilitation Program Incentive:** Increases monthly benefits when you participate in an approved rehabilitation program while disabled.

**Work Incentive:** 100% of your pre-disability earnings may be received if you work while disabled.
